📍 Nilambur - India

Skills:

React.js

Next.js

MongoDB

Firebase

Responsive Web Design

Languages:

CSS

HTML

JavaScript

Summary:

As a current BBA student, I bring a unique blend of business acumen and technical proficiency to the realm of web development. Proficient in foundational technologies such as HTML, CSS, and JavaScript, I've extended my capabilities to include hands-on experience with Firebase and MongoDB, where I've successfully implemented CRUD operations. My coding expertise extends to developing dynamic and responsive web applications using React and Next.js. This combination of skills allows me to bridge the gap between business requirements and technical solutions. Eager to contribute to front-end development projects, I am committed to merging my strategic business insights with emerging technologies to create innovative and impactful digital experiences.

Experiences:

Web Development Journey

Duration: [February/2023] - Present

Mastered HTML, CSS, JavaScript, React, Next.js, Firebase, and MongoDB.

Launched diverse projects, from seamless UIs to real-time features and efficient databases. Committed to staying ahead of industry trends.
